

**\*APPROVED ROUTES TO B.R.I. TRANSFER STATION, SOMERSET COUNTY\***

**NORTHWEST QUADRANT**

**1. TRUCK TRAFFIC FLOW**

**BERNARDS – BERNARDSVILLE – BRIDGEWATER – FAR HILLS – PEAPACK-GLADSTONE**

1. Traffic from the Northwest Quadrant to the facility will utilize Interstate 287 South to the NJ Route 22 East exit. Trucks exiting onto Route 22 will travel east to the intersection of Chimney Rock Road. Trucks will exit Route 22 by turning right onto Chimney Rock Road and proceed south, crossing Route 28 and Main Street (Route 533) and onto Polhemus Lane to the facility. Trucks returning to the Northwest Quadrant will travel north on Chimney Rock Road to Route 28, turn right to travel east on Route 28 and then left onto Interstate 287 traveling north.

**NORTHEAST QUADRANT**

**2. TRUCK TRAFFIC FLOW**

**GREEN BROOK – NORTH PLAINFIELD – WARREN – WATCHUNG**

2. Trucks from the Northeast Quadrant will travel west on Route 22 to the southbound entrance of Interstate 287. Southbound on I-287 they will exit onto Route 28 West at Exit 9. On Route 28 they will travel west to the intersection with Chimney Rock Road, exiting via the jughandle and proceed south on Chimney Rock Road and to the facility. Trucks returning to the Northeast Quadrant from the facility will travel north on Chimney Rock Road, crossing Route 28 and onto Route 22 eastbound.

**SOUTHWEST QUADRANT**

**3. TRUCK TRAFFIC FLOW**

**BRANCBURG - HILLSBOROUGH – MANVILLE – MILLSTONE  
MONTGOMERY - RARITAN – ROCKY HILL - SOMERVILLE**

3. Trucks from the Southwest Quadrant will travel either east on Route 202 or north on Route 206 to access Route 22 eastbound. Once eastbound on Route 22, they will exit south onto Chimney Rock Road, crossing Route 28 and Main Street (Route 533) and to the facility. Trucks returning to the Southwest Quadrant will travel north on Chimney Rock Road to Route 28, turn right traveling east on Route 28 to the northbound entrance of I-287. They will exit I-287 onto Route 22 westbound and proceed back to Routes 202 and 206.

**SOUTHEAST QUADRANT**

**4. TRUCK TRAFFIC FLOW**

**BOUND BROOK – FRANKLIN – SOUTH BOUND BROOK**

4. Trucks from the Southeast Quadrant will travel north on I-287 and exit eastbound on Route 22; proceed to Chimney Rock Road South. Once on Chimney Rock Road they will travel south across Route 28 and Route 533 to the facility. Trucks returning to the Southeast Quadrant will travel north on Chimney Rock Road to Route 28, East on Route 28 and onto I-287 southbound.

5. Trucks from Bound Brook may travel to the facility by traveling west on Route 533 (Main Street) and turning left at the Chimney Rock Road/Polhemus Lane Intersection and into the facility. The return trip to Bound Brook would be via right turn onto Route 533 and east across I-287 into Bound Brook.

6. **Transfer Vehicles traveling from the facility** will travel north on Chimney Rock Road to Route 28, east on Route 28 to I-287 northbound. Return trips from the landfill in Pennsylvania will be via I-287 South to the Route 22 eastbound exit, then to Chimney Rock Road south, crossing route 28 and Route 533 to the facility.
