

SOMERSET COUNTY WASTEWATER MANAGEMENT PLAN
DRAFT PROPOSED WASTEWATER SERVICE AREA BOUNDARIES
PROPERTY OWNER RESPONSE FORM

Owner Name: _____

Owner Mailing Address: _____

Property Street Address (if different from above):

Tax Block and Lot Identification of Affected Property: _____

Phone number where owner can be reached during the day: _____

Owner and/or assigned representative e-mail addresses: _____

A correction to the draft Proposed Wastewater Service Area Boundary is requested: Yes No

Please note: Only properties removed from NJDEP's previously Adopted Sewer Service Areas (SSAs) or with documented failing septic systems under limited circumstances are eligible for corrections to the draft Proposed Wastewater Service Area, provided all of NJDEP's standards and requirements are met. A map for your municipality that illustrates NJDEP's previously adopted SSAs, Draft Proposed Wastewater Service Areas and environmentally sensitive areas; and Public Involvement Guidance Document are available on the County website: www.co.somerset.nj.us/planweb/wastewater/index.htm. Paper copies are on display at the County Planning Office: Somerset County Administration Building, 2nd Fl., 20 Grove St., Somerville, NJ from 8:30 A.M.—4:30 P.M.

Reason for requested correction and submission of required documentation: (please select from the following list by marking an "x" in the space provided):

[] A development project is under construction or has been completed and an electronic copy of the Building Permit and/or Certificate of Occupancy and evidence of sanitary sewer service are provided.

[] A proposed development has been proposed which has been granted local preliminary or final site plan or subdivision approval (where additional site plan approvals are not required pursuant to Municipal Land Use Law) and NJDEP treatment works approval (TWA) or NJPDES permit has been issued if required. Electronic copies of all permits and the approved development plan showing parcel boundaries and the location of buildings and improvements are provided.

[] An electronic copy of NJDEP Wetlands LOI and associated wetlands delineation map and/or DLUR permit is provided that may be used to correct the Proposed Wastewater Service Area boundary provided that it is the only environmentally sensitive feature associated with the property.

Other Wastewater Management Planning Comments and Concerns: (please use additional space as needed):

The Property Owner named above certifies that he/she has reviewed the map and guidance documents noted above and that this request for corrections to the draft Proposed Wastewater Service Area as it applies to the above referenced property is consistent with NJDEP's standards and requirements and the Adopted State Water Quality Management Planning Rules available at www.nj.gov/DEP/Watershedmgt/rules/htm.

Please complete this form and save it onto your computer, then e-mail it along with the required electronic documents specified above to: Planningbd@co.somerset.nj.us. Please type "property owner response" into the e-mail subject line.
