Somerset County uses the following map projection and coordinate system when presenting GIS data:

- Horizontal: North American Datum 1983 (NAD83)
- Vertical: North American Vertical Datum 1987 (NAVD87)
- Coordinate System: New Jersey State Plane Feet

## NOTES

- 1) This map is intended to illustrate the relationship between Future Wastewater Service Area Boundaries and the Highlands Regional Master Plan – Land Use Capability Zones. Future wastewater service area boundaries are not intended to coincide with Highlands Land Use Capability Map (LUCM) boundaries since they were developed at different scales using more current data and different methods and assumptions. Furthermore, the purpose and intent of the Future Wastewater Service Area boundaries are different from the purpose and intent of the Highlands RMP – LUCM Zone boundaries. However, general consistency between the Future Wastewater Service Areas and the Highlands RMP – LUCM Zones is clearly demonstrated.
