

KIDS REMEMBER...

We are living through history! It's important to remember as much as you can about what you do every day. This will help you now, and inspire others now and in the future.

.....
"Social distancing" is being used to keep people away from crowds so that the virus doesn't have a chance to spread. Do you have any creative ideas for how people can still be social at a distance? Write or draw your answer below—and color the picture too!

.....
